

BME Regulatory Services APA & ARM environment connectivity tests starting in June

During the month of June, BME Regulatory Services will start environment connectivity tests to its APA and ARM services with the investment firms already onboard and those wishing to engage the services. If your entity is interested in participating in the tests, we encourage you to contact us at regulatoryservices@grupobme.es

APA and ARM technical specifications for connectivity:

If your entity is interested in the APA and ARM technical specifications, please do not hesitate to contact us at regulatoryservices@grupobme.es and we will contact you as soon as possible.

APA and ARM control panel is ready. Get to know the dashboard that helps your entity to control all your transactions from a single point:

All your transactions, in streaming, managed and controlled through one single point, BME RS dashboard. Your entity will be capable of generate, modify and visualize reports, check status, obtain statistical data, historical data, manage alerts in case of Systematic Internalizers, etc.

[Check out the first dashboard screenshots.](#)
