

## **Final Sprint to MiFID II**

### **Is your organization ready for the new regulatory compliance?**

Next January 3<sup>rd</sup>, 2018, the new European legal framework will be implemented to increase transparency over the OTC trading and ensure the proper functioning of price formation in Europe as one of its main objectives. In order to achieve this goal, MiFID II introduces the Approved Publication Arrangement (APA) to provide the service of publishing trade reports on behalf of investment firms, and the renewed Approved Reporting Mechanism (ARM) to provide the service of reporting details of transactions to competent authorities on behalf of investment firms.
